MONTPELIER

After Nine Years of Blindness, Mrs. Delia Lovielette Regains Sight.

As the result of an operation performed three weeks ago by Dr. E. G. Sprague of Barre, assisted by Dr. J. R. Grimes of this city, for the removal of a cataract from the left eye, Mrs. Delia Lovielette of 3 Miles court, Montpelier, who is 74 years old, has regained her vision after nine years of total blindness.

Nearly a decade ago Mrs. Lovielette submitted to operations at the local hospital for removal of cataracts from each eye and although the operations were successful the eyes were ruptured so that the vision was lost and since that time the woman has been blind and dependent upon relatives. Recently her son visited Dr. Sprague in Barre and described his mother's condition. An operation was considered advisable and was performed at her home. Ten days ago the bandages were removed and to the amazement and delight of the woman her sight had been restored so that she could see the physicians and objects around the room. Her condition is improving daily and the return of her sight has made her to all appearances, ten years younger. Her praise of the physicians is unstinted.

Mrs. Lovielette is a native of Montpelier and has resided in this city all of her life. She has one son who resides

with her and is engaged in the plumbing business in Barre.

A marked increase in the amount of money paid into the state treasury by Montpelier municipal court for the quarter ending Oct. 31 over the previous three months and also over the corresponding period of a year ago is noted in the report made to the state auditor by Judge E. M. Harvey. There were 38 cases audited and the total amount paid the state was \$832.76. The amount drawn for bills of costs was \$223.12. For the quarter ending July 31 the amount paid in to the state was \$308.44, and for the corresponding quarter a year ago, \$311.33. A year ago, during license, there were 144 cases for the same period. The big increase in the amount paid in is caused by the fact that liquor cases are now tried under the municipal court act in municipal court by jury and are not appealable to county court. There were 25 civil cases docketed for the quarter and 12 of these under the old law would have been appealable to county court. This is undoubtedly a big saving to the state.

Holden Farrar and Paul DeBoer, students at Dartmouth college, returned to town to Hanover, N. H., after passing the week-end in the city with their parents, James Laird, who is attending Holderness academy at Plymouth, N. H., also visited his parents over Sunday.

Eugene N. Buck has returned from California, where he operated a motion

picture house for several months. He purchased the theatre of E. A. Sweeney, now deceased, a former Montpelier man, and Mr. Buck sold the house to Clarence Bugbee, who will be remembered as a former contractor in Montpelier.

Albert Laird, who is special agent for the National Life Insurance Co. in Middlebury, passed the week-end in this city with his parents, Mr. and Mrs. Fred L. Laird.

Spectators at the Montpelier-Spaulling football game Saturday afternoon, who tarried after the finish of the contest, were treated to a pugilistic encounter between several hot-headed youths. According to the story as told by witnesses, a Montpelier young man had his nose cut and broken and several other participants were more or less bruised. A warning by an instructor that he would inform the police, caused the trouble to end abruptly.

A main line car of the Barre & Montpelier Traction & Power Co. was derailed at 7:15 o'clock last evening at the Sibley avenue switch, the front trucks of the car being on the track in the direction of Barre while the switch split, and allowed the rear trucks to start up the hill. An hour's work was necessary before the car was again on the iron.

In probate court this morning a license to sell real estate was granted to Gilbert T. Miles in the estate of Amanda Newhall, late of Middlesex. Fred B. Thomas has been appointed administrator of the estate of Norris A. Edgerly, late of Montpelier.

Commissioner of Education Mason S. Stone left last evening for Canton and other points in that part of the state for a week's trip.

Mrs. D. C. Gray and daughter, Beatrice, of North Montpelier passed the week-end in the city with Mr. and Mrs. H. J. Conant.

The first of the 23 steel girders, weighing between eight and ten tons apiece, which are to span the North Branch river on State street and form the principal part of the new bridge, was placed on the cement abutments this morning, having been hauled from the Central Vermont depot. Temporary wooden piles have been constructed in the river to roll the girders across the stream.

Fred B. Smith has gone to Boston for a few days' visit with relatives. For the second time within two weeks benefit performances of moving pictures were conducted at the two local houses last evening, the Eagles being in charge of the shows. Both houses were well patronized and Sunday evening "movies" seem to be popular.

One of the first, if not the first, Barre man to leave for Scotland for the expressed purpose of joining the colors is James Duncan of Ayers street, who departed to-day for Boston, whence he is to sail Wednesday on the American liner, St. Louis. For some time Mr. Duncan has contemplated enlisting, and while some of his closer friends have endeavored to dissuade him from the plan, once he had firmly decided to make the trip to Scotland and offer his services to the mother country, his mind was not to be changed. He expects to join a Scottish regiment in Aberdeen immediately upon his arrival in his native city, although he will probably spend several months in training before he gets a taste of life at the front.

A four-sided photo case has been anchored by A. M. Troup in front of the Worthen block, where his new studio is located. The case, the first of its kind to be used in Barre, exhibits specimens of Mr. Troup's handiwork on four sides. A second case has been attached to the Keith avenue side of the block.

The Italian Gaiety club, composed of young men and young women of the Italian colony, has definitely decided on holding its masquerade dance on the evening of Nov. 17. The dance will be the second of a series of monthly "get-togethers" which the club has arranged for the winter. Carroll's orchestra has been engaged to play for the dancing.

Mrs. Annie Carroll, who closed her boarding house at 9 Keith avenue for the winter last week, left the city Sunday evening for Seattle, Wash., where she will make an extended stay in the home of her brother-in-law. Mann of Morrisville, Mr. R. Gates of White River Junction, Mr. and Mrs. Edwin Stevens of Leicester.

A smaller audience than that which witnessed the initial presentation of the drama, saw a company of local talent people in "The Man from Virginia" at the opera house Saturday evening. Apparently the participants profited sufficiently from their first appearance to correct some of the faults that were discernible Friday evening, and the presentation, as a whole, was carried through to the last act with much more of finesse. The band of young Italian musicians, the Christopher Columbus band, under the direction of P. Gropelli, performed well. Proceeds from the two appearances of the company will be devoted to furthering the work of the civic department of the Barre Woman's club.
